### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Boys Hope Girls Hope of Kansas City, Inc.  
Notes to Financial Statements  
June 30, 2021

**Note A – Summary of Significant Accounting Policies**

**Organization**

Boys Hope Girls Hope of Kansas City, Inc. (the Organization) is a not-for-profit corporation that offers a structured program to help academically capable, motivated, children in need meet their full potential and “become men and women for others” by providing value-centered, family-like homes, opportunities, and education through college.

The Organization is an affiliate of its national organization Boys Hope Girls Hope, Inc. (National).

**Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Basis of Presentation**

Boys Hope Girls Hope of Kansas City, Inc. reports information regarding its financial position and activities according to two classes of net assets: unrestricted net assets and donor restricted net assets.

*Net Assets Without Donor Restrictions:* These net assets generally result from revenues generated by receiving grants and contributions that have no donor restrictions and receiving interest from operating investments, less expenses incurred in providing program related services, raising contributions, and performing administrative functions.

*Net Assets with Donor Restrictions:* These net assets result from contributions and grants of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires, that is, until the stipulated time restriction ends, or the purpose of the restriction is accomplished, the net assets are restricted.

**Contributions**

Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Boys Hope Girls Hope of Kansas City, Inc. reports gifts of fixed assets as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support.

Boys Hope Girls Hope of Kansas City, Inc.  
Notes to Financial Statements  
June 30, 2021

**Note A – Summary of Significant Accounting Policies (Continued)**

Absent explicit donor stipulations about how long those long-lived assets must be maintained, Boys Hope Girls Hope of Kansas City, Inc. reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Promises to Give

Unconditional promises to give are recognized as revenues in the period in which the promises are received. Conditional promises to give, which depend on specified future and uncertain events, are recognized as revenue when the conditions upon which they depend are substantially met.

Pledges Receivable

The Organization carries its pledges receivable net of an allowance for doubtful accounts. On a periodic basis, the Organization evaluates its pledges receivable and establishes an allowance for doubtful accounts, based on history of past write-offs and collections. At June 30, 2021, management determined that an allowance of \$10,155 was necessary.

Pledges receivable have various due dates, generally over 1-5 years, depending on the nature of the pledge. Pledges that are past due are considered delinquent and are written off as uncollectible at the time management determines that collection is unlikely.

Cash Equivalents

Cash equivalents for purposes of the statement of cash flows consists of cash on hand, cash in operating bank accounts, Venmo, or PayPal accounts and other highly liquid short-term investments.

Investments

Investments consist of equity securities. Investment income, gains and losses are reported in the statement of activities as increases or decreases based on whether the donor has restricted their use. Investment gains and income whose restriction is met in the same reporting period are included as increases to net assets without donor restriction.

Investments are reported in the financial statements at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value hierarchy is utilized to identify the amount of certainty for the fair value measurements used in the financial statement. When measuring fair value, generally accepted accounting principles require an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. Three levels of inputs may be used to measure fair value:

**Level 1:** Quoted prices in active markets for identical assets or liabilities.

Boys Hope Girls Hope of Kansas City, Inc.  
Notes to Financial Statements  
June 30, 2021

**Note A – Summary of Significant Accounting Policies (Continued)**

**Level 2:** Inputs that are observable in the marketplace, such as quoted prices in inactive markets for an identical asset or liability or quoted prices in active markets for similar assets or liabilities. This level also includes interest rates, yield curves, and inputs that are not directly observable, but are corroborated by observable market data.

**Level 3:** Unobservable input that are supported by little or no market activity and that are significant to the measurement of the assets or liabilities. Fair value measurement using these inputs requires management's judgements and estimations based on factors that management believes would influence a marketplace participant.

**Income Taxes**

No provision for income taxes is included in the Statement of Activities since the organization is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and comparable state law as a charitable organization whereby only unrelated business income, as defined by Section 509 (a)(s) of the Code, is subject to federal income tax. The Organization currently has no unrelated business income.

The Organization accounts for income taxes in accordance with FASB ASC 740, *Accounting for Income Taxes*, which provides guidance on how to measure and account for various tax positions. The Organization has determined that no material unrecognized tax benefits or liabilities exist as of June 30, 2021 for the Organization. If applicable, the Organization will recognize interest and penalties related to the underpayment of income taxes in the year incurred. The Organization does not file a separate tax return, instead it is included as part of the Boys Hope Girls Hope (its national affiliate) tax return. The Organization is not at the present time under examination by any taxing authority.

**Functional Expense Allocation**

Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are charged to programs and supporting services on the basis of periodic time and expense studies. General and administrative expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization.

**Advertising**

Advertising and marketing costs are expensed as incurred. Advertising expense for the year ended June 30, 2021 is \$77,841.

**Note A – Summary of Significant Accounting Policies (Continued)**

Fixed Assets

Fixed assets are carried at cost, if purchased, and fair value as of the contribution date if contributed. The Organization follows the practice of capitalizing all expenses for property, furniture, office equipment, software, and improvements in excess of \$2,500. Lesser amounts are expensed. Depreciation is provided for using the straight-line method over the estimated useful lives of the respective assets as follows:

Building and improvements	5-30 years
Leasehold improvements	Lesser of remaining lease term or 5 years
Vehicles	6 years
Furniture and fixtures	5 years

**Note A – Summary of Significant Accounting Policies (Continued)**

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Note B –Effect of Current Economic Conditions on Contributions**

The Organization depends heavily on contributions for its revenue. The ability of the Organization’s contributors to continue giving comparable amounts with prior years may be dependent on current and future economic conditions and the continued deductibility for income tax purposes of contributions to the Organization. While the Organization believes that economic conditions are stable enough for the Organization to continue its program, its ability to do so and the extent to which it continues may be dependent on the above factors.

**Note M – Endowment**

Endowment Overview

The Boys Hope Girls Hope of Kansas City, Inc. Board of Directors has fiduciary responsibility to its donors for the prudent management and use of agency assets. Boys Hope Girls Hope of Kansas City, Inc. seeks, invests, and distributes funds to achieve its mission to help academically capable, motivated, children in need, meet their full potential and “become men and women for others” by providing value-centered, family-like homes, opportunities, and education through college. It is the intent of the Boys Hope Girls Hope of Kansas City, Inc. Board of Directors that investments of its charitable assets be made to facilitate current and future charitable needs of Boys Hope Girls Hope of Kansas City, Inc.

Boys Hope Girls Hope of Kansas City, Inc.'s endowment includes donor restricted funds of \$23,195. Net assets associated with endowment funds are classified and reported based upon the existence or absence of donor-imposed restrictions or in accordance with the Board's interpretation of relevant law.

Return Objectives and Risk Parameters

The investment objectives and primary purpose of the BHGH of KC endowment is a combination of growth and income sufficient to meet the capital improvement and operational needs of the organization. BHGH of KC is willing to accept risk necessary to achieve the target return on investments. Risks of the portfolio are managed through asset diversification, balanced sector/security weighting, asset quality and investment prudence.

Boys Hope Girls Hope of Kansas City, Inc.  
Notes to Financial Statements  
June 30, 2021

**Note M – Endowment (continued)**

The primary long term investment objective of the investment portfolio is to seek competitive market returns so as to preserve and grow the capital funds and to provide cash flows to fund distributions. The investment program should be designed to participate in up markets and more importantly provide protection in down and sideways capital markets.

The BHGH of KC Board of Directors recognizes that the return objectives may be difficult to achieve in the short term but should be attainable over 10 or 15-year periods. Over shorter timeframes, the BHGH of KC investment portfolio will seek to outperform a composite of market indices.

The Board of Directors recognizes that prudent investing requires taking reasonable risks in order to raise the likelihood of achieving the targeted investment returns. The investment portfolio is structured to maintain prudent levels of diversification. Diversification of assets is employed to ensure that adverse results from one asset class will not have an unduly detrimental effect on the investment portfolio. The Board of Directors interprets diversification to include diversification by type, by characteristic, and by number of investments, as well as by the hiring of manager(s) that employ different management styles.

**Interpretation of Laws Governing Donor Restricted Endowment Funds**

BHGH of KC follows the state of Kansas Uniform Prudent Management of Institutional Funds Act (UPMIFA) and its own governing documents.

UPMIFA requires the historical dollar amount of a donor-restricted endowment fund to be preserved. In the absence of donor restrictions, the net appreciation on a donor-restricted endowment fund is spendable under UPMIFA. BHGH of KC donors have not placed restrictions on the use of the investment income or net appreciation resulting from the donor-restricted endowment funds.

The Board of Directors has determined that the majority of its contributions are subject to the terms of its governing documents. Certain contributions are received subject to other gift instruments, or are subject to specific agreements with the Board of Directors. Under the terms of BHGH of KC's governing documents, the Board of Directors has the ability to distribute any amount of original unrestricted principal of any trust or separate gift, devise, bequest, or fund as the Board in its sole discretion shall determine. Contributions not classified as temporarily restricted or permanently restricted are classified as unrestricted net assets for financial statement purposes.

**Policies for Appropriation of Endowment Assets**

The BHGH of KC Board of Directors has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of those endowment assets over the long-term. BHGH of KC's spending and investment policies work together to achieve this objective.

Boys Hope Girls Hope of Kansas City, Inc.  
Notes to Financial Statements  
June 30, 2021

**Note M – Endowment (continued)**

The investment policy establishes an achievable return objective through diversification of asset classes. The current absolute target return goal on an annualized basis is inflation plus 5%. Actual returns in any given year may vary from this amount. To satisfy its long-term rate-of return objectives, the BHGH of KC Board of Directors relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends).

The Board of Directors targets a diversified asset allocation to achieve its long-term return objectives within prudent risk parameters. The spending policy calculates the amount of money annually distributed from BHGH of KC’s endowed funds for grant making and administration. The Board’s current spending policy is to fund capital improvements with investment income and/or principal, and to fund agency operations with an initial investment income, which is further limited to keeping the corpus of the donor restricted assets intact.

The Finance Committee based on recommendation by the Investment Committee will recommend a distribution amount from the net gains from the endowment. This will be made on annual basis (end of the fiscal year).

Endowment net asset composition by type of fund at June 30, 2021:

	Without Donor Restriction	Donor Restricted	Total Net Endowment Assets
Donor-restricted endowment funds	\$ 21,320	\$ 23,195	\$ 44,515
